E-Learning and Train 2 Gain

Helping you or your business develop its greatest asset - its workforce

“ We want to make sure that small businesses can get short courses for their employees. ”

John Denham
Government Skills Secretary

Develop your business skills for a rapidly changing business climate. Businesses and individuals can benefit from E Learning and Train 2 Gain.

More flexibility

A better trained workforce allows staff to take on roles they would not normally be able to complete, creates confidence and allows business to develop.

Widen your skills base

Our courses can equip staff with skills across many business disciplines. You can focus on an area that would give you a competitive advantage.

Greater Agility

If you're looking to take advantage of a new business opportunity, our courses can equip you with the skills required to reach these new goals.

How E-Learning and Train 2 Gain can work for you or your business.

Essential business disciplines:

Develop new skills, including: Management, IT, Accounting, Production and Health & Safety

Grants available: 100% funding is available for some courses with many others subsidised.

Flexible: Progress at your own pace. Fast-Track a course, achieve qualifications in a few weeks, or follow our standard course formats.

Remote learning: Flexibility is the key. Many courses can be conducted remotely from your own home via an internet connection - It could not be easier.
